Dave Lotty Development Officer (Part Time) Lyn Malmgron

PRESIDENT

It has been my great pleasure and indeed an honour to be President of OANSW for the past three years. In this my second and final stint as President much has changed within the administration of our sport both at state and especially on a national level. One thing is for certain that nothing is forever and the impact of the loss of funding to Orienteering Australia will have wide-ranging impacts on our sport for many years to come.

I have often heard it said when people are talking of issues within orienteering – that "they should do this and they should do that". One day the realisation will be that each and everyone who is involved in orienteering are the "they" and the words should be "I can do this" for a sport that we all love.

2005 was once again a fine year. Perhaps the fantastic steps taken by our senior elite group "The Ultimax Stingers", in establishing an outstanding organisational structure and in becoming proactive in developing income sources has made a difference in their ability to compete in the National League. Throughout the year the Ultimax Stingers have been a very competitive bunch and with a hint of good fortune in the latter rounds may just have knocked the cockies off their perch.

Our junior squad, "The Carbines", acquitted themselves very well in the Australian Schools Champs in Tasmania. They were a fairly inexperienced bunch that competed and I am sure the competition will have improved their determination to improve in 2006 in WA. Very special

thanks must go to Sandra Stewart, Lyn Malmgron and Nick Wilmott who took on the roles of managers and coaches.

Again the Metro League has proven to be one of the pillars of our competitive season. The idea, a little seed in the mind of Frank Assenza has certainly blossomed into an enjoyable Sunday sojourn. Similarly our State League events have been well attended and the standard of maps, courses and competition has been exemplary. Toss in the fantastically successful Summer Series (thanks Ross Barr for your continued hard work) and then the Saturday Summer Series and we have a well-balanced year of competitive orienteering.

Throughout the year the Board has maintained the balance between maintaining procedures required for funding and reacting to the needs of our rather complex sport. This year especially the Board conducted an audit of all safety procedures and protocols following the incident at Inverary. The procedures that were in place at the time were found to be adequate but were further revised in light of what had occurred. Perhaps the saddest part of all was the poor publicity that OANSW received in The Australian Orienteer, which did not reflect the true situation that existed on that weekend.

I would like to thank the Board for their due diligence and hard work. Especially I would like to thank Lyn Malmgron for all her work at Board level over a number of years. Lyn has been a powerhouse in getting things done. A special thank you to Mike Weller, who has spent much of 2005 and into 2006 negotiating a state wide agreement with State Forests which will be signed off on shortly. Thank you. To Ken Sinclair and Ron Junghans, who like Lyn are retiring from the Board, thankyou for a job well done.

Within the next few years OANSW will have several challenges amongst them JWOC in 2007, Easter 2008 and World Masters in 2009. These events will ask questions of the commitment of NSW orienteers to their sport.

Remember it is not "they" it is "I" that will get things done.

Ron Pallas

FINANCE

(To be read in conjunction with Annual Financial Report attached)

Most of the Association's business continues in a steady manner form year to year. I will highlight the exceptions and unusual items.

Accounts

We opened an additional interest bearing term deposit for \$ 20,000 during the year. Interest on the account was not payable until 2006. Accounts for JWOC 2007 are maintained separately by Barry Hanlon and are not shown here.

Assets

Equipment owned by the Association is valued at \$27,600 at 31/12/2005 after depreciation. About 2/3 of this value is in Sportident equipment.

Income

Major event income is down compared with 2004, which was a year when NSW had the Australian Championships carnival. This variance is allowed for in the Budget.

MTBO event income is now shown separately from other Minor Events.

Expenditure

Generally as per budget, with increases due to CPI

State teams are generally self-funding. Income and expenditure were both up due to the Australian Championships being in Tasmania.

Operating Result

The small loss in 2005 was close to budget for a year when we do not hold National events. We budget for a surplus in major event years.

Robert Spry

COACHING

No level 1 accreditation course was held this year. However, Jock Davis has been added to the list of level 1 coaches with his completion of the requirements from the course conducted in 2004.

A Combined Clubs Training Weekend is being planned for March 2006 at Mitchell Park. My thanks to Jock Davis, Nick Wilmott and Chris Baker for their help in putting this weekend together. Anyone and everyone is invited to attend.

The junior squad continues to be an active group with 4 coaching sessions held during the year. Our thanks go to Dave Lotty and John Porter for their continued work in this area of our sport.

Ron Junghans

PLANNING

The Board dealt with the usual administrative matters. Operationally, 2005 was a relatively quiet year. Following are the highlights:

- No Dept of Sport & Recreation directors' courses were held in Sydney at a convenient time during 2005. Consequently, no board members were able to attend this year.
- Discussions continued with Forests NSW to draw up a formal access agreement for Orienteering. All the terms were agreed, as were the fees, but a new complication arose just prior to Christmas. A previously low-key statutory body, the Game Council of NSW, declared an interest in hunting in State Forests. This will restrict access to some State Forests, and necessitated changes to the agreement. Discussions carried over into 2006.
- JWOC preparation continued. A small \$15,000 grant was received from the NSW Govt. Mapping of new areas is well underway. Most event organisers, setters and controllers have been appointed, but volunteers are still being sought for day-to-day tasks.
- The World Masters Orienteering Championships have been confirmed for NSW in 2009. OANSW representatives attended a preliminary meeting with the World Masters Games organiser to discuss general event requirements. A formal agreement will be developed in 2006.
- The XMAS 5-Days was not hosted by NSW in 2005.
- The Stingers (NSW NOL team) became organisationally active this year, with a number of new initiatives. They entered into a new sponsorship arrangement with USA sock company, Ultimax, have set up their own website, and are organising a new sprint series in the summer of 2005/2006.
- OANSW funded a National Training Centre scholarship to David Meyer (SHN) for 2005/2006, and provided funding assistance to Julian Dent (CCN). Julian was also awarded a scholarship by the ACT Academy of Sport.

- The annual Association prize giving was again poorly attended. This will be receiving special attention in 2006. Members might like to offer comments and suggestions for improving interest and attendance.
- Two Association meetings were held; one in Eugowra.
- On behalf of OANSW, Dick Ogilvie and Robert Spry attended the OA National Conference in December.
- The Board continued its ongoing detailed review of operations as part of a risk management strategy.
- The NSW e-bulletin continues to provide a weekly news update (Neville Fathers).

Mike Weller

COMMUNICATIONS

With the new radio communication equipment in place and operational it was brought to my attention that some club members were having difficulty in setting up and operating the system. I collected the gear from the orienteering office and found some of the system had been dismantled (cables removed and obviously not connected to the 240V power supply as was intended).

I have now revamped the radio kit and produced a new user's manual with instructions on set up and operation of the equipment. If you are the person charged with using the radios please spend a few moments PRIOR to the event to familiarise yourself with the set-up and operation of this valuable equipment. The time to find out how to set up the radios is not when a competitor has been lost or injured.

At the board level a decision was made to use a new web site provider and as I write this that change is taking place, so be warned that you will have to alter your old bookmarks to find your favourite orienteering web pages.

The newsletter side has evolved with regular contributions coming in from clubs and wonder of wonders I have even received a "Letter to the Editor" (which will be published in the next edition.)

Thanks to all who contributed over the year and remember to support whoever takes over this role in 2006.

Ken Sinclair

PROMOTION

As with previous years, promotion in 2005 had a limited success. Despite a number of very good articles, some with colour photographs in a few local papers, membership levels did not grow significantly, although it is pleasing to note that at the end of 2005, membership levels were up on 2004.

The main promotion event in 2005 was the inaugural National Orienteering Day held in May. The day was held in conjunction with a round of the MetrO League competition, and did attract a number of new participants new to the sport. As a result of the National Orienteering Day in Sydney an excellent article on the sport and NSW elite orienteer Rob Preston appeared in Sydney's North Shore Times. 2006 will see the continuation of the National Orienteering Day.

Later in the year Rob Preston was again active in the promotion of the sport and managed to secure sponsorship of the Stingers, NSW's elite orienteering

group. The Stingers also now have their own website and are to be congratulated for their efforts in promoting themselves and the sport.

The best form of promotion of orienteering continues to come from the public's exposure to a variety of well run events, with minimal impact on the areas used. Unfortunately this year saw the cancellation (by State Forests) of the Come and Try It Event previously held in conjunction with State Forests' Family Forest Fair at Cumberland State Forest (near Castle Hill). The previous year had seen the event attract more than 50 newcomers to the sport.

Once again, the Sydney Summer Series (SSS) broke new records under Ross Barr's direction. Ross and all of the clubs involved are to be congratulated. The Summer Series continues to attract novice orienteers and offers them the opportunity to develop map reading skills on the run. Last year the question was posed as to whether or not it was time to split it in to a Northern and Southern Sydney Series, or perhaps an Eastern and Western Series. While there wasn't an expansion further a-field within Sydney, the NSW Stingers started a Monday evening Sprint Orienteering Series. The Sprint Series attracted 30 ~ 40 competitors to the series of 5 events, and proved to be a great success. The Summer Saturdays once again organised by Lyn Malmgron, continued in 2006.

Regionally, the sport continues to be well promoted with small growth in almost all clubs. Regionally, Newcastle Orienteering Club again continued with their own version of mid-week street orienteering events and Central Coast Orienteers again organised a Sunday Summer Series for runners on the Coast.

The annual MetrO League competition was again well supported by club teams, and is really the only opportunity for clubs to compete together as teams. With most Metro events being held in or near to Sydney, clubs should use the staging of the Metro events to further promote the sport.

With the OANSW Board's limited resources, if Orienteering is to become a more well recognised sporting activity, each NSW club must take on a greater role within its' own geographic area to promote the sport. Whilst promotion and growth might not be considered necessary by some members for the sport to continue to develop, to be able to attract funding it is essential that we all do as much as possible to increase the Sports Relevance (community interest in the sport). It is because of the perceived low relevance by the ASC that in 2005 Orienteering Australia lost a significant proportion of its' annual funding.

To assist clubs and their members keep up to date with the ever-changing requirements of the sport a workshop was held at the end of the year for event planners and organisers. Partly as a consequence to the loss of national funding, one segment of the organisers workshop focused on promotion of the sport, with attendees being provided with samples of the promotional materials currently held by OANSW. It is hoped that in 2006 clubs make use of the available materials in their promotional activities.

Paul Prudhoe

SPECIAL PROJECTS

Schools/Juniors

The NSW Schools Orienteering Teamenjoyed a very satisfying Schools Championship Carnival in Tasmania achieving a 4th place nationally. Their performances were a credit to themselves and to their state. Our Junior girls obtained excellent results coming 1st in the relays. Claire Darvodelsky was

chosen for the Australian Honour Team after a very strong run in her age event gaining her 3rd place.

Thanks go to Sandra Stewart and Lyn Malmgron for their capable management of the NSW Schools team and Nick Wilmott as coach. Thanks must also go to the Livingstone's mobile canteen. A huge amount of time was spent by these people organising fund raising, tracksuits and T-shirts as well as looking after the wellbeing of the team at competitions. The team worked hard to raise funds to add to their sponsorship funds from The Carbine Club.

Support for the Junior Awards (Waratah, Banksia and Wattle) continues to improve with over 50 awards made at the Annual Presentation Dinner. There has been a huge increase in the number of Waratah Awards (100 points), which means more juniors are attending more major events. Most of the juniors receiving Waratah Awards gained over 200 points.

The Part Time Development Officer has worked with a number of schools in Sydney West. Sydney South West held a Schools Gala Day with nearly 200 primary children attending. There are now four school regions holding their own Gala Days with support from local clubs. For many, these events are a lead-up to the NSW Schools Orienteering Championships.

In 2005 the NSW Schools Orienteering Championships were again held in conjunction with a State League Event to provide a more competitive environment for first-time runners. This has been a successful progression with an increase in the numbers of junior competitors, as well as being a good promotional opportunity for older orienteers to see the novice juniors who participate at a school level.

Thank you to Dave Lotty and John Porter for their continued support in training the Junior Squad and to the parents of all juniors for their efforts in getting young orienteers to events.

Belanglo

The Association continues to lease the house at Belanglo Forest from Forests NSW. The lease is contingent upon our maintaining the house and Chris Murphy as Hut Manager has ensured that this is done. The re-painting of the main house was completed in early 2005.

A number of Caravan/Mobile Home Clubs used the house during the year and together with regular orienteering use the costs of the house are comfortably covered. Forestry workers have also used the house as accommodation during the summer months.

MTBO

A program of 7 events was conducted during the year, primarily organised by MD with some assistance from BF and NC. The events attracted a good entry with a large percentage of these not being footO competitors.

NSW again had 2 representatives in the successful Australian Team to the World Championships in 2005 and will arrange one of the selection trials for the 2006 Australian Team.

Lyn Malmgron

TECHNICAL

Standard of Events

Fifteen Major events were held in 2005, comprising the NSW Long and Middle Distance Championships

and 13 other NSW State League Events. All were of
a high standard with no cancellation of courses.

<u>Controller Accreditation</u> One new Controller was accredited.

The current numbers of NSW Controllers are:

	L1	L2	L3	IOF	Total
Men	25	16	11	(3)	52
Women	7	3		Ò	10
Total	32	19	11	(3)	62

<u>OA Technical Committee</u> The OA Technical Committee meeting at Easter, in Jindabyne NSW was attended.

Association Manual
Updating and review of various regulations in the
OANSW Manual continued.
Following changes to some recommended OA class

winning times, revision was made of relative course percentages. Some changes to class/course combinations were made to accommodate the new course lengths.

Course Planner's and Event Organiser's Workshop. A one-day workshop conducted for both Course Planners and Event Organisers was attended by 24 orienteers. The workshop covered both technical requirements and practical aspects for these disciplines.
