#### **PRESIDENT**

In 2006, after several years in the Planning portfolio, I accepted the challenges presented by the role of President. The transition occurred mid-year, so I am yet to complete a full term, but already I have been kept busy.

I would like to thank outgoing president, Ron Pallas, for his years of leadership, which he is now applying to the very demanding JWOC Carnival. I also express my appreciation to the other Board members, who have given freely of their time.

Two new members have joined the Board since I took office, Deborah Cox (GO) in the Planning portfolio, and Mark Darvodelsky (BF) as Coaching Director. I sincerely thank them for putting their hands up, and look forward to their contributions in the future.

Probably the most fundamental issue we faced in 2006, was a cut in OA funding resulting from a cut in federal Government funding. We have dealt with this in the short term with a combination of fee increases and belt-tightening. This has enabled us to steady the ship, but we have also identified several fundraising initiatives, which will slowly bear fruit from 2007 onwards.

Operationally, the JWOC carnival has taken much of our focus, as the demands of a major international event sink in. A huge effort is being made by the JWOC committee to make the event a success. An

end-of-year training camp for overseas athletes organised by Nick Dent (CC) added to the international profile of the carnival. To add to our workload, Sydney was awarded the 2009 World Masters Games, and I spent much of the past year planning for WMOC. An organising committee was formed, with Nick Dent at the helm.

On the domestic front, the ever-changing landscape saw a continued increase in Summer Series participation, with an easing in bush-O participation. Over half of the SSS competitors are non-orienteers, so one of our key challenges will be to better promote bush-O, and encourage a crossover. We have already taken the first step by conducting a small workshop, which revealed that an intermediate style of 'transition' event might be needed to bridge the

It is pleasing to see that the new Association website, launched in 2006, is expanding, and fulfilling its role of keeping members informed. Adding to member communication is our excellent printed newsletter, professionally compiled by Barry Hanlon (WH), and the ever-popular e-bulletin edited by Neville Fathers (SH).

Our NSW elite squad, the Stingers, has developed into a well-organised, enthusiastic group, organising a range of events over the past year, including the popular Park Series and several of the Xmas 5-Days events.

In national competition, NSW did extremely well, with podium finishes in half of all classes at the AUS Champs. A top effort!

Statistically, 2006 was a steady year, with some mixed results. Memberships were down very slightly (by 3%), while participation was up ever so slightly (less than 2%). Participation gains at Summer Series events compensated for reduced attendance at MetrO League and major events.

I'm looking forward to a busy 2007, but am counting on input (ideas and assistance) from the membership to help make it a successful year.

Mike Weller

#### **TECHNICAL**

Standard of Events.
Fifteen Major events were held in 2006, comprising the NSW Long, Middle and Sprint Championships, QBIII (2 x SL) and 10 other NSW State League Events. All were of a high standard with no cancellation of courses.

# Controller Accreditation

No Controller's Courses were conducted during the year. The current numbers of NSW Controllers are:

	L1	L2	L3	IOF	Total
Men	25	16	11	(3)	52
Women	7	3	0		10
Total	32	19	11	(3)	62

# OA Technical Committee

The OA Technical Committee meeting in Castlemaine, Vic, at Easter was attended.

#### Association Manual

Updating and review of various regulations in the OANSW Manual continued.

Dick Ogilvie

COMMUNICATIONS

On the communications side the biggest change for the year was the adoption of the new Association website hosted by Infoasis. The new site came onstream in the middle of the year, and has the provision to allow "reporters" or "correspondents" to generate content (articles) once registered on the site. Despite the inclusion of an on-line editor and tools for uploading photo's, documents, files etc, and the ease of creating hyperlinks within articles, the number of correspondents to have registered on the site and submitted articles has been relatively few, with most articles being created by Board members. If the site is to flourish and become the resource that it is hoped that NSW Orienteers want, Association members are strongly encouraged to sign-up and contribute.

While the traditional print-based newsletter has continued to be published, members will have noticed its' reduced size compared to previous years as a result of the lack of contributions. With the new website on-line, and with the weekly e-bulletin being published, readers were invited in the December edition to comment about the future of the newsletter, but this resulted in only one constructive response being received. It is also disappointing to note that while NSW may have the largest membership, the newsletters of the other states have a greater number of contributions, and more varied articles.

Thanks to Neville Fathers for his support for acting as editor and publisher of the weekly e-bulletin, to Barry Hanlon for his typesetting and layout skills for the newsletter, and to those members who contributed to the various publications over the year.

Paul Prudhoe

### PLANNING

I joined the Board as Planning Director in June 2006 following Mike Weller's resignation from the role to take up the vacant position of President. The following are the highlights during the past 12 months:

- Preparation for JWOC in July 2007 continued. All event organiser, setter and controller positions were filled in 2006 and these personnel are currently involved in preparations for the event. Mapping of the event areas is complete and the courses are being finalised. Team leaders have been selected for critical tasks including start, finish and Sportident, parking, registration and merchandising. Volunteers are being sought through the clubs for assistance with numerous tasks during the JWOC competition
- The Lithgow area has been selected as the venue for the World Masters Orienteering Championships in 2009. Discussions between OANSW and World Masters Games representatives continued during the year and the contract between the two organisations is at the final draft stage. Graham Teahan (NZ) has been appointed as the IOF Event Advisor and Nick Dent has been appointed as the Carnival Director. The preferred areas for the WMOC races have been identified and the landowner permissions and mapping requirements are currently being addressed.
- A discussion paper on Strategic Planning for OANSW was developed by MikeWeller and presented to the Association meeting in November 2006. Specific goals identified as being important for the future of the OANSW were to:
  - Increase membership

- Increase participation
- Maintain demographic balance
- Increase external funding

The recommendations of the Strategic Planning paper were endorsed by the meeting.

- A review of the OANSW Constitution was initiated in response to concerns by clubs regarding their insurance status and the possible financial liability of committee members. The Board has decided to seek professional legal advice on possible amendments to the constitution to address these concerns it is expected that a proposal will be available during the second half of 2007.
- The Christmas 5 Days was held in the Orange area in the first week of January 2007 rather than the traditional last week of December. The event was coordinated by Nick Dent with 4 of the 5 days being organised by the NSW Stingers and one by Newcastle. The event was renamed (for this instance only) as the Stingers 5 Days.
- The NSW Stingers (NOL team) was active this year in both competition and event organisation. In addition to their role in the Stingers 5 Days, the Stingers organised a Sydney Parks series comprising 5 events in January 2007. Entry numbers in the 2007 Parks series averaged 79, a substantial increase over the first series held in summer 2005/2006. Terry Murphy was appointed as the Stingers Manager in December 2006.
- An agreement has been reached with Bennelong Northside Orienteers for OANSW to take over some of the organisation of the Great NOSH Footrace from 2007 in return for a greater share of the profits.
- The annual Association prize giving dinner was held in November 2006.
- An Association meeting was held in Sydney in November 2006.
- Mike Weller and Robert Spry attended the OA National Conference in December on behalf of OANSW.
- The Board continued its ongoing detailed review of operations as part of a risk management strategy.
