

NSW JUNIOR TRAINING SQUAD

MAY NEWSLETTER

*Just a couple of things to remind you about
and to touch base with you all again 😊*

Congratulations

Congratulations to the following NEW Junior training squad members who have been sent the official paper work and code of conduct to join the Squad.

Callum Roberts

Daniel Hill

Lawrence Jones

Toby Wilson

Scott Charlton

We look forward to seeing you at events and at our future training camps.

SL #4 (Hilltop) and SL #5 (Belanglo)

We're hoping to see the majority of the Junior Squad at the SL events next weekend

Entries have closed for these events so you should have already entered and in the correct age class as they are Schools Selection races.

Fundraising

We have agreed to cater at SL5 at Belanglo on Sunday 16th May.

You should all have received an email from Elaine Bennett, but if not here are the details:

The event will start from 9am with courses closing at 3pm.

That means we should catch a lot of the crowd for lunch!

We are planning to serve:

- Soup (pumpkin/minestrone) and bread roll
- BBQ sausage on a bread roll
- Tea/coffee.
- Soft drinks.

Could anyone who can contribute either pumpkin or minestrone soup please let Elaine know ASAP

bennettkids@bigpond.com

Would be great to have you all contribute with goodies and time helping out at the event.

QBIII 12-14 June

A reminder that SL 6, 7, and 8 are all Schools selection races at Dubbo

The plan at this stage is for selectors to meet following Monday's event, and announce the Schools team at the presentation.

Training Camps

Well our last training camp was a huge success, and loads of fun.

We managed to get a small report on the NSW website and are slowly building up a collection of suitable Calendar shots, thanks to Kasimir ;)

We plan to have our next training camp during the second week of the July school holidays. At this stage we are yet to confirm a venue as it's important to choose terrain similar to the Aus Championships Carnival and the Schools Champs in SA.

We'll let you know, but it will be in the second week of the holidays, definitely not the first.

From the NSW website you may like to click on the link to check out some details and look at some map samples.

Cheers

Karen and Russell
