---------	-----------	--

PRESIDENT

1998 has been a successful year for orienteering in NSW both at a state and interstate level. I have enjoyed my first year as President.

The OY Series continues to be well planned and organised with only a few glitches towards the end of the year. With the Development Plan being an active document and a constant check on what has to be done as well as what has been done we hope these small errors will not occur in 1999. The most important thing is not to be critical but to learn from our mistakes.

The MetrO League was a successful series of events both for the organising clubs as well as the competitors. One of its main advantages is to get newer members into club teams as well as provide competition for the more elite members.

The NSW Long Championships were held in the metropolitan area a rewarding change and the NSW Relays were held just outside Wagga. The NSW Championships took us all to the Inverary area again.

The Summer Series (Daylight Savings) proved to be very popular both with orienteers and our summer runners.

The Annual Presentation Dinner was again held at a different venue and was a successful night. Congratulation to all award and OY winners. It was also a pleasure to see the introduction of the Juniors Diary and the presentation of the new Waratah, Banksia and Wattle awards.

Congratulations to the NSW Schools team which won the Australian Schools Championships for the fifth successful year. It was a pleasure as President to receive on behalf of NSW the Bennelong Trophy for the ACT-NSW Challenge held at the ACT and NSW Championships and also the OFA Shield for the overall points score at the Australian Championships.

I would like to thank all members of the Board and Association delegates who have worked hard to ensure the Association runs smoothly. Finally, I wish you all good orienteering in 1999.

Judi Hay

TREASURER

The Treasurer normally reports on how the bank balance finished relative to the budget but I want to do something a little different. I'd like to say how pleased I am with the way the Association is developing in terms of understanding how its finances flow and how we now seem to have them in control.

The 'lions' share of the treasurer's work is of course carried out daily by our Professional Officer/Secretary and Dave should be thanked for his diligence.

I am pleased by the fact that for the last 2 years we have been able to present a budget which saw no need to increase fees. At the same time we have been able to siphon off and set aside in a *term deposit* an amount of money equal to our Professional Officer's Long Service Leave entitlement. The amount of interest this account now earns should be enough to see it grow to match the increased liability, thus the LSL account is now self funding. I'm pleased that objective has been achieved since I took over as Treasurer.

I am pleased that all money now passes through the books. In the past squad camps etc used to operate on a 'petty cash' style basis but now all monies are properly accounted for in and out of the association's account.

Since taking over as Treasurer I have introduced the concept of a cash flow report and Dave and I now check this to watch for patterns of payments (eg. that our tax instalments are paid in the appropriate quarters). This year we have worked on changing the income/expenditure category headings in order to better understand our cash flows. In the process we have done away with many of the internal 'accounts'. We physically have only one bank account which I consider as our *working account* and all money is booked up as income or expenditure from this account. Simpler systems are easier to understand!!

I am pleased that our budgeting process now looks ahead several years and we know in advance which are going to be our good and bad years so there are

no surprises. We are even investigating how to smooth out some of the major cash flows.

Whilst our working account shows a healthy balance at present it is highly dependent upon the timing of Government grants. If the Association is at all financially exposed, it is in terms of ensuring we can survive through periods of irregularity of receipt of those funds. It also means we have to ensure those funds continue at their current level by producing whatever business plans the Department of Sport and Recreation requires to ensure continuation of funding. This will be the Board's challenge in the future.

As you can tell by the number of 'pleased' in the above text, I am indeed pleased - not by the nitty gritty details of our finances but by the direction in which they are headed, despite seemingly ever decreasing numbers of members.

I believe an office bearer should stay with their portfolio:

- 1) long enough to oversee the implementation of any of their policy decisions and
 - 2) until such time as they loose interest in the portfolio in which case it should be handed over for someone else to have a fresh look at it.
- I'm still pleased to hold the position of treasurer so will be offering my services again at the AGM.

Peter Newton

COACHING

COACHING COURSES

During 1998, the Association conducted three Level 0 courses. These courses were run by Mike Davis as a part of his Development Officer function. The scheduled Level 1 course was cancelled due to insufficient enrolments.

JUNIOR SQUAD

The NSW Junior Training Squad was again very active with 4 weekend and one full week camps being conducted. An average of 17 of the 24 squad members attended the camps.

ACCREDITATION AND RE-ACCREDITATION

Four new level one coaches were accredited during the year and two re-accreditations were effected. There are still people working towards meeting requirements for initial accreditation. As mentioned in last years report we are somewhat behind the other states in the numbers of active accredited coaches. Clubs are urged to encourage and sponsor development of members to become coaches.

CLUBS

The Association provided personnel and equipment during the year to conduct training/coaching activities. Any club requiring such assistance need only ask.

John Porter

JUNIORS and SCHOOLS

NSW has continued its dominance with another successful year with the Schools Team who once again were victorious in the Australian Secondary Schools Orienteering Championships. The events were held in Western Australia. The team was capably managed by Nick Dent and Hillary Wood with Michael Davis providing valuable support as Team Coach. Our team was a credit to their

schools, families and our State. Congratulations to Rachel Dickinson and David Meyer for their selection in the Australian Schools Honour Team.

Thanks must go to all orienteers who supported the fundraising efforts of the team through providing or buying cakes, soups etc.

The NSW Schools Championships were held at Fassifern by Newcastle Orienteering Club. A very successful event was marred by rain but it did not stop many from competing. Once again we had many people competing who were not regular orienteers and the support from their schools is encouraging even though quite often this support comes from teachers who are also regular orienteers. We are grateful for the support given by schools and our orienteering teachers or volunteers who are encouraging and supporting the orienteers of the future through Area Gala Days and "real" orienteering events.

The Juniors Diary was introduced in 1998. The Diary was made available to any junior who wanted to receive recognition for their efforts in orienteering. Each event or activity was worth a point value. Points were gathered to earn a level of award. Nine junior orienteers earned 100 points or more to receive the Waratah Award that also came with a specially designed cap for each recipient. (1999 awards will receive a different special award.) Three juniors earned 75 to 99 points to receive the Banksia Award. Three juniors earned 50 to 74 points. We hope to see more juniors involved in 1999.

The NSW Junior Squad has been capably organised again in 1998 by Dave Lotty as manager and John Porter as coach assisted by Michael Davis and Glen Meyer. In 1998 there were 4 weekend and 1 full week camps at a variety of venues. These camps have allowed our selected juniors to develop their skills in training for fitness and fine tuning their navigation in the sport. Some of the older members of the squad have completed courses to gain their Level One coaching certificate so that they can pass on some of their knowledge to others. Thanks go to Dave and John for giving so much of their time to the squad.

Sue Davis

NEWSLETTER and EVENTS

A total of five OANSW Newsletters were distributed during 1998 to all NSW members with Carol Osborne continuing as Editor. These coincided with the quarterly distribution of The Australian Orienteer plus an extra January newsletter to provide information on early events in the orienteering calendar.

The format of the newsletter was largely unchanged from previous years, and included inserts on coming events, pre-enter sheets and results. The January newsletter also included the event calendar 'blue card'.

The newsletters contained a range of useful articles and reports including:

- technical hints and advice;
- OANSW administrative matters including notification of meetings, vacancies on Board, membership information etc.
- progressive reports on MetrO League and other events;
- significant contributions and thoughts from readers on local and overseas events and experiences;

- acknowledgment of the sport's major sponsors and information on how to take advantage of offers for orienteers.

217 148 5 68 439

The Results Sheets reported on all results from major and minor events throughout the year, with the exception of major events where separate results were sent out. Set deadlines for submission of pre-event information to Dave Lotty ensured that Coming Events information and pre-entry forms were distributed well in advance of events.

	Junior	Senior	Masters	Total
Male	205	74	304	583
Female	148	46	227	421

1996	484	(409 renewals)	1124
1997	457	(388 renewals)	1058
1998	439	(377 renewals)	1004

PROMOTION

This position was not filled in 1998 and this report has been prepared by the Board.

The enthusiasm and initiative of individual orienteers has again produced the most effective ideas. The Association thanks all members who promote orienteering by making use of the brochures and by following up first-timers efficiently. Our strength is in our commitment to our healthy and challenging sport, and our willingness to let others join us.

Michael Davis was appointed to the new position of OANSW Part Time Development Officer and has made a good beginning to our efforts to make orienteering available to schools and other groups.

Michael Davis and Dave Lotty attended the OFA Development Officers' Workshop in Canberra in September.

1998	69	7901 (120)

TECHNICAL

At 2 Major Events this year courses were affected by problems in the overprinting of courses, fortunately only resulting in the cancellation of one class. Both events were relatively remote and were subject to lack of manpower and the subsequent stretching of resources probably contributed to the problems experienced.

During the year a Course Setting Workshop was held for Course Planners and Controllers and a Controllers Course was attended by 11 Controllers.

An Advisory Note was issued for users of OCAD covering the settings required to ensure the correct colours when producing maps by laser printing.
