

Sydney Junior Orienteering League

Event Two

19 June 2011 – Centennial Park

Uringa Orienteers hosted a Come and Try it event which doubled up as the second in the 2011 Junior League on Sunday 19 June in Centennial Park. Recent rain had turned parts of the courses marshy but that didn't deter a record number of nearly 90 runners coming along on the day. New Uringa club member Adam Garner is showing some great potential, winning the Short Orange course in the League whilst another Uringa junior, Lawrence Jones, took out the Long Orange course.

In his first outing for the series, Jared McKenna showed the Blue competitors how it is done by posting the best time for the day. However hot on his heels was young Ellen Currie. The Currie family had a successful day out with Duncan cleaning up on the Green course.

In the teams event, the Attack Points posted a narrow win over Team Jones. With only the best 5 scores counting for the series, the team's event is likely to be a very tight contest!
